Maine Webcams (maine-webcams.com) HISTORICAL DATA (AUGUST 17, 2014)

AVERAGE LISTING POSITION FOR MAINE WEBCAMS

This value is calculated from the average ranking position of all your keywords on all specified search engines. Keywords that are not ranked are considered as those with "the lowest keyword ranking + 1".

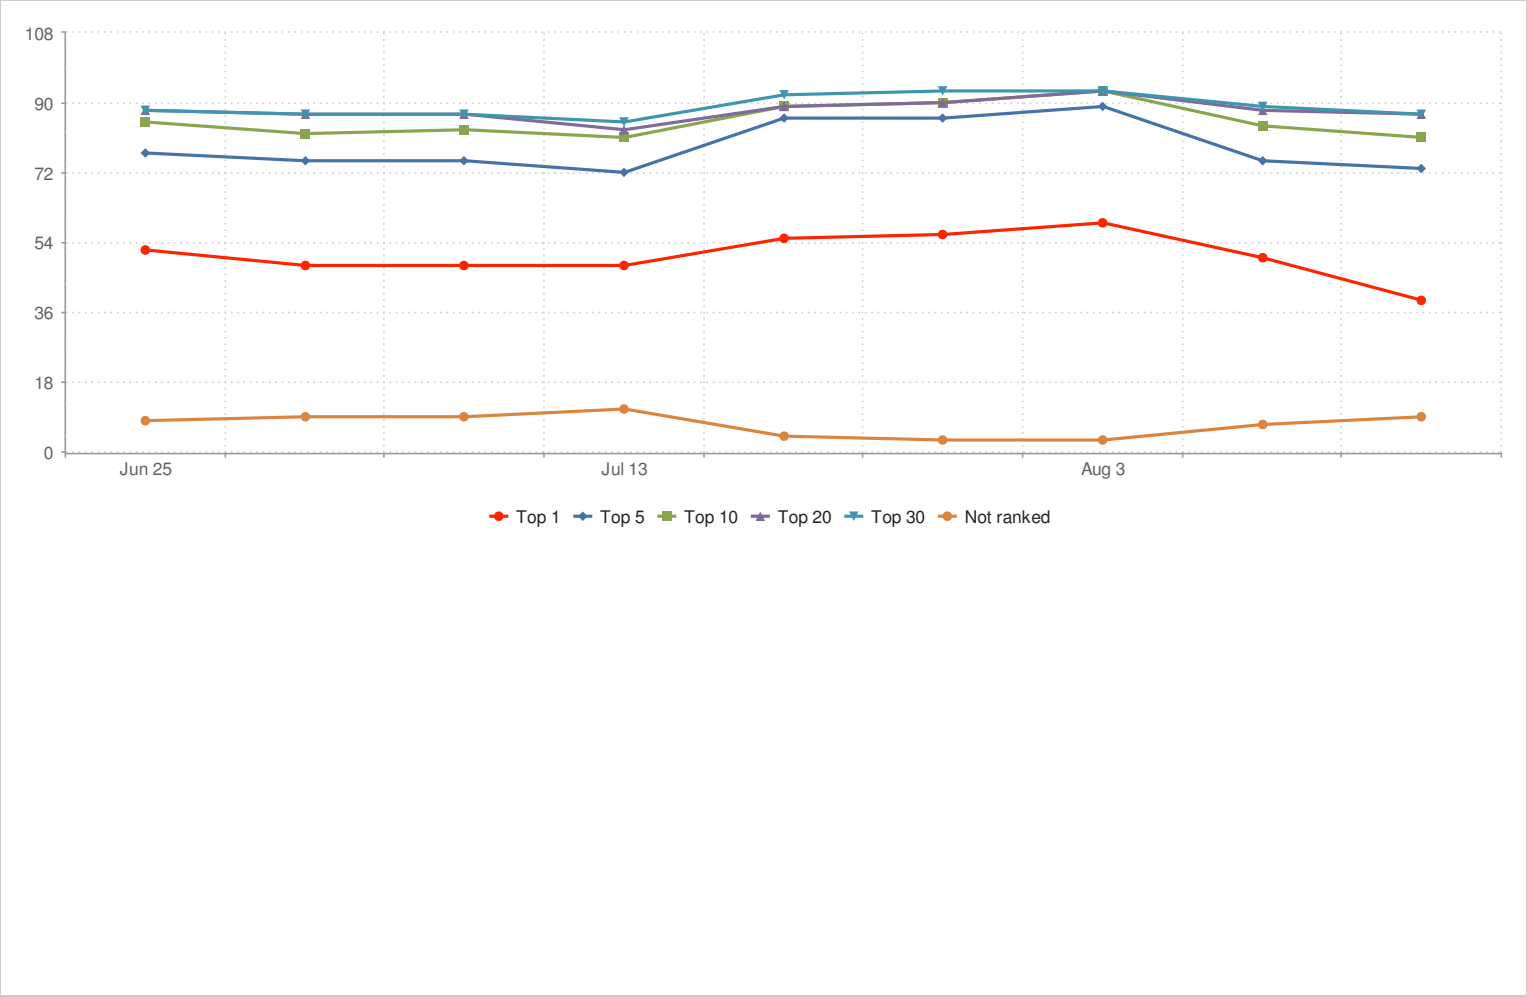

The lowest ranking position depends on the scan depth, i.e. 3 pages scan depth means that unranked keywords are assigned rank 31 in our calculations.

2 Description tags exceed the recommended length (160 characters).

Shorten your Description tag to 160 characters (including spaces), because longer Descriptions will be cut off on the search results pages.

These issues were found on the following pages:

</route-295-exit-6a-south-portland-maine/>

</submit-webcam/>

1 page of your site contains an excessive number of outgoing links (more than 50).

Reduce the number of outgoing links, because excessive use of outgoing links may negatively impact your page's PR and rankings.

These issues were found on the following pages:

</webcam-links/>

1 page contains an excessive number of H1 headings.

Leave only one H1 that you consider the most important and change the rest to H2, H3, etc., because SEs may penalize excessive H1 headings as a spam technique.
